that it was closing the facility. Luziel Lopez Bautista died at the hospital in the La Paz area on July 25. His family, who can't afford the medical treatment he needed, said he was healthy until the day before he died. Luziel had been receiving treatment at the center since February 2015, when he was diagnosed with acute lymphoblastic leukaemia, said Dr. Raul Laborde, the Bolivian health minister, at a press conference Wednesday.
