[...] Tool is great, easy to use and quite complete. It does require full version of After Effects CS6 or more recent. [...] This is the fourth version of character tool for the latest After Effects CS6. What this tool brings you is a lot of new features plus several small enhancements. The last two versions have received quite positive reviews from users. However it's not a revolutionary new tool but it has the possibility to be just that: smarter and more stable as the professional tools do.
