at the standard set by age, gender, distance, or swimmer class. Select the race and distance at which to view the achieved standard. Choose the age group for which you would like to see the achieved standard. Use the mouse to select a standard to compare your time to. It's not that it is not working, simply that I cannot change the unit of measurement. How do I set the unit to Imperial? A: I can have this working if I simply change my locale settings to English and delete or remove all other locales. Here is an example of the only locale I found on my computer: I could not find any way to change the units

of measure. Changing my locale settings seems to work. Edit: If the units of measure options are greyed out, that is a clue that you are missing a locale. What Happened? What Happened? is a Canadian drama television series, based on the 2002 play of the same name by Brent Hodge and starring Melanie Lynskey and Gordon Pinsent. It premiered on CTV on April 2, 2008, and ran for two seasons until the series was canceled on November 6, 2009. Plot Four women lead very different lives in Toronto, Ontario. Jill (Melanie Lynskey) is a successful artist; her husband, Craig (Gordon Pinsent) is a successful

businessman whose multib
