**System Requirements For ASUS RT-N10LX Wireless Router Utilities:**

This mod requires a Steam client to use the LazyMod Framework. Please download and install the latest Steam client from Steam. A minimum of Fallout 4 version 1.0.2 is recommended, but not required. Installation: Please read the installation instructions in this mod's readme.txt for detailed instructions. The mod should be compatible with 1.0.3, and beyond, but I don't have testing equipment for those versions, so I can't guarantee it. If you find that it is incompatible, please report it
